to STi's customers pending grant of the Applications.⁵ The Bureaus conditioned grant of the STA on Angel Americas' compliance with requirements proposed by the Commission's Enforcement Bureau. These requirements, referred to as "Authorization Conditions," consist of a plan designed to ensure Angel Americas' future compliance with Commission rules and requirements regarding the operations and marketing of prepaid calling card services.⁶

Angel Americas has further agreed to abide by the Authorization Conditions as a condition of a grant of the Applications and affirms that the commitments in the Authorization Conditions, attached to this grant, will continue to be binding after the proposed transfer of control.⁷ We find that Angel Americas' compliance with the Authorization Conditions will lead to public interest benefits in terms of access to prepaid calling card services for Angel Americas' customers.⁸ We therefore accept Angel Americas' commitment and make it a binding and enforceable condition of our approval. Our public interest authority enables us, where appropriate, to impose and enforce narrowly tailored, transaction-

⁸ The Commission has stated that unfair and deceptive marketing practices by interstate common carriers harm consumers and would constitute unjust and unreasonable practices under section 201(b) of the Act. *See, e.g., NOS Communications, Inc.*, File No. EB-00-TC-005, Notice of Apparent Liability for Forfeiture, 16 FCC Rcd 8133 (2001) (finding that the companies engaged in deceptive marketing of their interstate communication services by failing to disclose clearly and conspicuously material facts regarding their promotional plan offerings and pricing methodology, in violation of section 201(b)); *Business Discount Plan, Inc.*, File No. ENF-98-02, Order of Forfeiture, 15 FCC Rcd 14461 (2000), *recon. granted in part and denied in part*, 15 FCC Rcd 24396 (2000) (finding that the company violated section 201(b) by using unjust and unreasonable telemarketing practices such as misrepresenting the nature of its service offerings); *Telecommunications Research & Action Center & Consumer Action*, File No. E-99-104, *et al.*, Memorandum Opinion and Order, 4 FCC Rcd 2157 (Com.Car.Bur. 1989) (recognizing that section 201(b) provides a cause of action against carriers for failing to convey sufficient information about their rates, practices, and range of services). *See also* Joint FCC/FTC Policy Statement For the Advertising of Dial-Around And Other Long Distance Services To Consumers, File No. 00-EB-TCD-1(PS), 15 FCC Rcd 8654 (2000).

specific conditions to ensure that the public interest is served.⁹ In addition, a threshold requirement in our transaction review process is whether the Applicants meet the requisite character qualifications to hold Commission licenses.¹⁰ To meet this requirement, Commission precedent requires that an applicant must operate in a manner consistent with the Act and the Commission's rules.¹¹ We conclude that Angel Americas' commitment to abide by the Authorization Conditions will further the public interest, and we are satisfied that Angel Americas is qualified to hold an authorization, subject to the Authorization Conditions.

On November 18, 2013, the Department of Justice, including the Federal Bureau of Investigation, with the concurrence of the Department of Homeland Security (collectively, the Executive Branch Agencies), submitted a Petition to Adopt Conditions to Authorizations and Licenses (Petition).¹² In the Petition, the Executive Branch Agencies advise the Commission that they have no objection to the Commission granting its consent in this proceeding, provided the Commission conditions the grant on the assurance by Angel Americas that it will abide by the commitments and undertakings set forth in the November 2013 Agreement between Angel Americas and the Executive Branch Agencies that addresses national security, law enforcement, and public safety concerns (hereinafter referred to as the November 2013 Agreement).¹³ The Executive Branch Agencies filed the November 2013 Agreement in WC Docket No. 13-242 on November 18, 2013.¹⁴

Consistent with Commission precedent, the Bureaus accord the appropriate level of deference to the Executive Branch Agencies' expertise on national security and law enforcement issues.¹⁵ The Bureaus

¹⁵ The Commission considers national security, law enforcement, foreign policy, and trade policy concerns when analyzing a transfer of control or assignment application in which foreign ownership is an issue. See *Amendment of the Commission's Regulatory Policies to Allow Non-U.S. Licensed Satellites Providing Domestic and International Service in the United States*, Report and Order, 12 FCC Rcd 24094, 24170-72, paras. 178-82 (1997); *Rules and Policies on Foreign Participation in the U.S. Telecommunications Market*, IB Docket No. 97-142, *Market Entry and Regulation of Foreign Affiliated Entities*, IB Docket No. 95-22, Report and Order and Order on Reconsideration, 12 FCC Rcd 23891, 23919-21, paras. 61-66 (1997) (*Foreign Participation Order*), Order on Reconsideration, 15 FCC Rcd 18158 (2000). In assessing the public interest, the Commission considers the record and accords the appropriate level of deference to Executive Branch expertise on national security and law enforcement issues. See *Foreign Participation Order*, 12 FCC Rcd at 23919-21, paras. 61-66.

find, upon consideration of the record, that grant of the Applications, subject to compliance with the November 2013 Agreement with the Executive Branch Agencies, will serve the public interest, convenience, and necessity. Upon consummation of the transaction, the resulting entity will have a market share in the U.S. interstate interexchange market of less than 10 percent and will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier in the U.S. that is not a party to the transaction. In addition, no party to the transaction is dominant with respect to any domestic service.¹⁶

Further, as Applicants acknowledged, STi Prepaid and STi Telecom were delinquent in certain debts owed to the Commission at the time of the filing of the Applications.¹⁷ The grant of these Applications shall be effective on June 27, 2014, provided that the conditions set forth in section 16 of the certain Settlement Agreement addressing the debt, dated as of May 16, 2014, by and among Angel Americas LLC, Angel Telecom Holding AG, and the Federal Communications Commission shall have been satisfied and the said Settlement Agreement shall be effective, otherwise this grant shall be null and void.¹⁸

Therefore, pursuant to section 214 of the Act, 47 U.S.C. § 214, and sections 0.51, 0.91, 0.261, and 0.291 of the Commission's rules, 47 C.F.R. §§ 0.51, 0.91, 0.261, 0.291, the Bureaus hereby grant the Applications discussed in this Public Notice subject to compliance with the Authorization Conditions and the November 2013 Agreement. A failure to comply with and/or remain in compliance with any of the provisions of the November 2013 Agreement shall constitute a failure to meet a condition of this authorization and thus grounds for declaring the underlying authorizations terminated without further action on the part of the Commission. Failure to meet a condition of this authorization may also result in monetary sanctions or other enforcement action by the Commission.

Pursuant to section 1.103 of the Commission's rules, 47 C.F.R. § 1.103, the grant is effective upon release of this Public Notice. Petitions for reconsideration under section 1.106 or applications for review under section 1.115 of the Commission's rules, 47 C.F.R. §§ 1.106, 1.115, may be filed within 30 days of the date of this Public Notice.

ITC-ASG-20130130-00035; ITC-ASG-20130130-00037, at 1 (filed Feb. 5, 2013). Applicants had requested a waiver of section 1.1910(c) of the Commission's rules addressing the withholding of action on applications by entities that are delinquent in debt owed to the Commission. *Id.* at 1-2 (citing 47 C.F.R. § 1.1910(c)); STi Prepaid Domestic 214 Application at Att. 1, p. 5; STi Telecom Domestic 214 Application at Att. 1, p. 5.
